Funkhouser Drive Duct Bank Project

May - July 2017

Over the summer break, an area between Funkhouser and McVey Hall will be closed off due to construction. The construction consists of the installation of a new utilities duct bank. There will be pedestrian access on the southern side of the project area along Funkhouser. The parking spaces in the work area will not be available during this project. Parking will be available along Funkhouser and Library Drives.
